To Whom It May Concern,

This letter is in response to your inquiry regarding Fluid Film[®] WRO-EP, and the status for the following: Chlorides. This product has been evaluated for the source of the raw materials used in its production. Although we do not analyze routinely for the chemicals you ask about in this product, this product is not manufactured with or produced using, and therefore, would not be expected to contain: chlorides.

Sincerely,

Gail Nakano
Chief Chemist
